079 Rubber Pavers

Benefits

Impact Absorption
Helps cushion falls and reduce impact-related injuries.

Anti-Slip Surface
Provides better grip and safer movement.

Eco-Friendly
Made from recycled rubber such as SBR and EPDM.

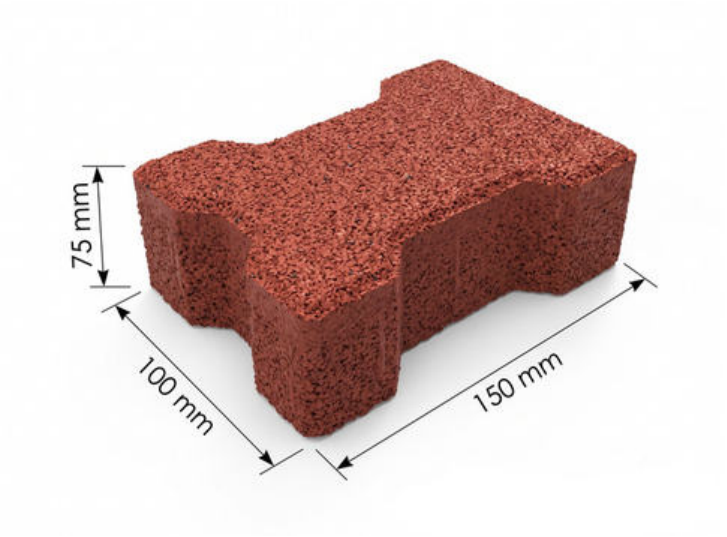

Uses

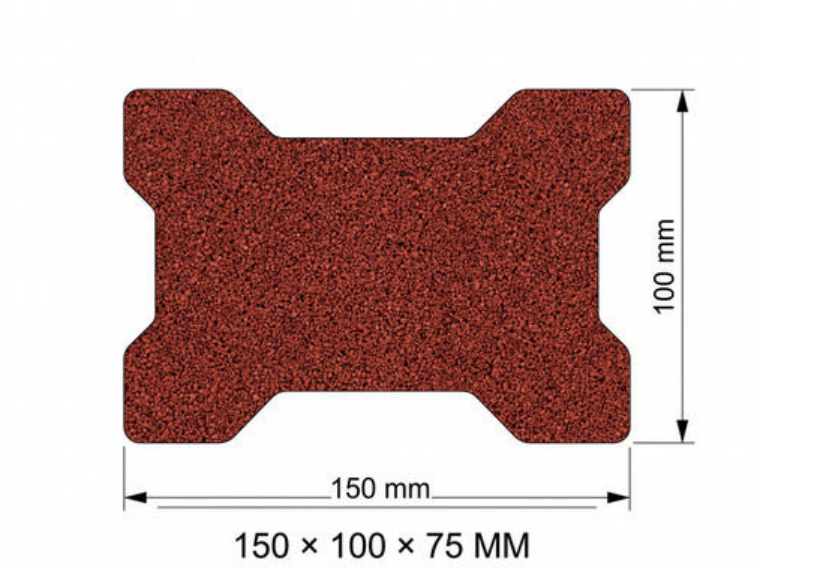

Playground Flooring
Ideal for children's play areas and equipment zones.

Safety Surfaces
Suitable for areas requiring impact-absorbing flooring.

Outdoor Recreation Areas
Can be used in spaces where durable, slip-resistant flooring is needed.
